Luka Shvelidze

Full Stack Web Developer

lukkshh.dev@gmail.com +995 568 788 107 Tbilisi, Georgia github.com/lukkshh

lukkshh.github.io linkedin.com/in/lukkshh

Profile

Full Stack Web Developer with experience building and deploying production web applications using **React, Next.js, Laravel, and TypeScript**. Skilled in both frontend and backend development, with hands-on experience in **deployment, hosting configuration, and production setup**.

Professional Experience

Frontend Developer / Team Lead, *ROWIX LLC.* Dec 2025 – Aug 2026 | Tbilisi

Contributed to the frontend development of key company projects, including **tt.ge** and **bibo.ge**, building responsive and interactive web applications with **React, Next.js, SvelteKit, TypeScript, Tailwind CSS,** and **Sass**. Led the **Frontend Development Team** by coordinating tasks, reviewing code, and guiding developers while maintaining code quality and consistent development practices. Managed application state, built reusable components, and optimized frontend performance across large-scale projects. Worked closely with designers, backend developers, and project managers to deliver user-friendly and performant web experiences.

Selected Projects

SVGalco.com – Multilingual Winery Platform (Freelance),
Full-Stack Developer | Laravel 13, React 19, TypeScript, Inertia.js, Filament 5
Developed a multilingual winery platform with **wine management, media handling, localization, customer inquiries,** and a **custom CMS**. Took ownership of the technical implementation, including **frontend and backend development**, **database architecture, deployment, hosting configuration, and production setup.**

TT.ge - Creator Platform, *Rowix - Frontend Developer*
Developed creator-facing features including **post creation and scheduling, account settings, web push notifications,** and **reusable components** used across the application. **Integrated Bank of Georgia payments** and implemented frontend file uploads using presigned URLs with **Cloudflare S3 storage**.

Bibo.ge - Personalised Children's Books, *Rowix - Frontend Developer*
Developed the **full book creation flow, including user stories, image uploading, and related creation interfaces.** Built additional application pages and integrated Bank of Georgia payments using the **BOG Iframe SDK**.
